CONTRACT FOR A HEALTHY LIFE

This is a contract for family and friends of third graders. Because our family and friends are precious, we can all work together to learn how to be substance-free. By promising to follow this contract, we can educate a generation, one third grade class at a time.

STUDENT

As a third grade student I promise to stay alcohol, tobacco and drug free. I will choose my friends very carefully. I will let other boys and girls know that I won't be friends with people who abuse drugs. I will ask grown-ups to help me stay healthy and to discuss alcohol and drugs with me and to teach me how to say no. If someone comes up to me and tries to get me to use drugs, or if I have any questions about drugs, I will go to a grown-up I can trust. This grown-up could be my parent, grandparent, relative or teacher. I will be a leader in my school, neighborhood and home in the fight against drugs.

Signature: _____ School Name: _____
Town/City: _____

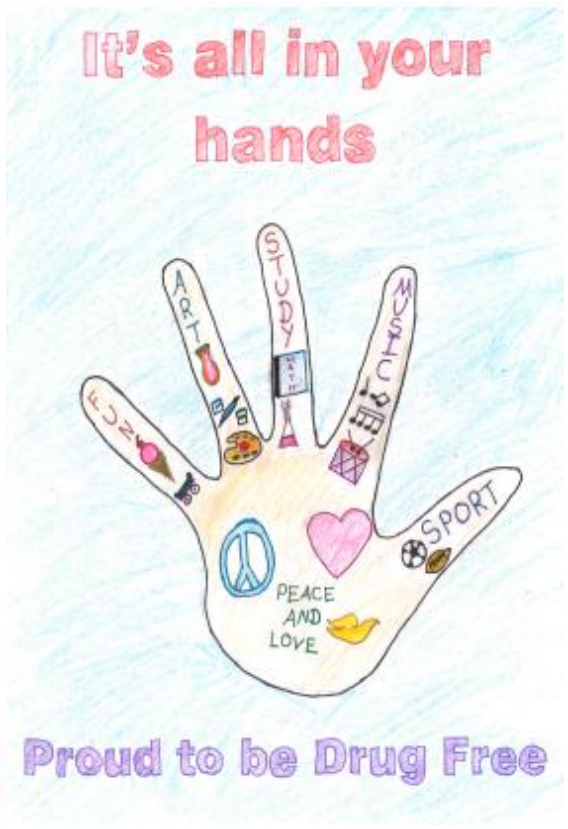

PARENT/RELATIVE

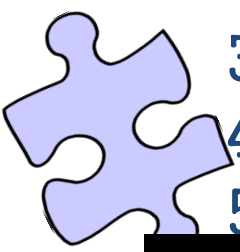

I will encourage my third grader to come to me with any questions or concerns they may have about drugs. I will keep household drugs which are capable of being abused as inhalants and prescription drugs, in secured cabinets. I will help my third grader learn strategies to be able to say no to alcohol, tobacco, and other drugs. Every third grader wants to feel safe-I won't drive if I've been drinking. I will not smoke in the same room as my third grader due to the potential health problems caused by second-hand smoke.

Signature: _____

SCHOOL REPRESENTATIVE

I will take the time to educate third graders about the dangers of substance abuse. I will encourage students to come to me with questions and concerns about substance use. I will respect the privacy of my third graders.

One Year Ago This Week...
Posted 6/18/2014 by Angelo M. Valente
It's hard to believe it's been a whole year since the launching of the PDFNJ blog. Or should I say the award-winning PDFNJ blog thanks to our recent accomplishments at the New Jersey Ad Club Annual Awards dinner two weeks ago?

Do No Harm Week Recap
Posted 6/13/2014 by Angelo M. Valente
Greetings from the road! The Partnership for a Drug-Free New Jersey, along with our partners at the Drug Enforcement Administration - New Jersey Division, have embarked on the Do No Harm symposium 2014 tour with the kick-off event, Tuesday, at Morristown Medical Center in Morristown, NJ.

Do No Harm: A symposium to discuss ways to end prescription drug abuse
Posted 6/4/2014 by Angelo M. Valente
We're less than a week away from the launching of the Partnership for a Drug-Free New Jersey's Do No Harm symposium series. The pilot program, which was held at Hackensack University Medical Center back in October 2013, was a rousing success and was attended by medical professionals, local, state, and local law enforcement, and prevention and treatment professionals to discuss possible solutions to the opioid epidemic gripping our state.

New Jersey #3 in the Country for Heroin Abuse
Posted 5/29/2014 by Angelo M. Valente
Last week, for the 10th year in a row, we gathered together some of the best young, musical talent in the state of New Jersey for a night of powerful prevention messages. When I think about some of the great songs that have been shared through our Shout Down Drugs competition, it's encouraging to
